

ESVAGT News goes digital

Feb 27, 2017 12:56 CET

ESVAGT News on new platforms

ESVAGT has increasingly used digital platforms to communicate with customers and partners as a supplement to our magazine, ESVAGT News.

From the start of 2017, we will focus entirely on our digital platforms and concentrate on taking even better advantage of the opportunities that digital media gives for fast, flexible and living communication.

In addition to communicating through our website and newsletters, ESVAGT is also present on social media platforms, such as Facebook, Twitter and LinkedIn. We hope that you will follow us and are, as always, open to good

ideas and advice on how we can become even better.

ESVAGT is a dedicated provider of safety and support at sea, founded on an experienced and well-trained offshore crew and unmatched rescue capabilities.

We support the offshore Oil & Gas industries with a wide range of specialized services: Standby, Emergency Response and Rescue Vessels (ERRV), Oil spill response, Firefighting, Tanker assists, Rig moves, Supply services and Interfield transfer of cargo and personnel.

In 2010, ESVAGT brought the dedicated offshore wind Service Operation Vessels (SOV) to the market. The SOVs provide accommodation for up to 40 technicians, storage for small turbine parts and a workshop, plus personnel and equipment transfer capabilities by either Walk-to-Work gangway system or Safe Transfer Boats.

ESVAGT was founded in 1981 and has a fleet of more than 40 vessels and more than 900 employees on- and offshore.
