

ESVAGT advances its growth ambitions with the strategic acquisition of two SOVs from Edda Wind.

Dec 16, 2025 10:32 CET

## ESVAGT strengthens its offshore wind position with acquisition of two Service Operation Vessels on long-term windfarm contracts

*ESVAGT advances its growth ambitions with the strategic acquisition of two SOVs from Edda Wind. The acquisition is supported by the current customers, Vestas and Ocean Breeze, novating long-term contracts to ESVAGT.*

ESVAGT has completed the acquisition of the Service Operation Vessels

(SOVs) 'Breeze Enabler' and 'Brint Enabler' from Edda Wind through a 100% share purchase agreement of the two Spanish vessel owning entities.

The SOVs are on long-term contracts with customers Ocean Breeze (Germany) and Vestas (UK). Following productive discussions with the customers, the contracts for both 'Breeze Enabler' and 'Brint Enabler' have been novated to ESVAGT for continued operations and the crew onboard has been offered employment with ESVAGT.

"We are delighted to have reached this agreement with Edda Wind for two high quality assets after a constructive acquisition process. We further appreciate the trust Ocean Breeze and Vestas have placed in ESVAGT, and are looking forward to continuing safe and efficient operations," says ESVAGT CEO Søren Karas:

"This acquisition marks a major strategic step for ESVAGT, strengthening our leadership in long-term SOV operations and accelerating our growth ambitions."

### **Market leader in offshore wind**

With this acquisition, ESVAGT maintains its position as market leader in long-term SOV contract operations. ESVAGT's SOV fleet now consists of 12 vessels. In addition, three new SOVs are under construction for projects in the UK, the Netherlands, and the USA, with delivery planned for 2026.

"Combined with ESVAGT's recent commissioning of the world's first methanol-powered SOV for Ørsted, this development underscores ESVAGT's commitment to driving a meaningful green transition in energy production," CEO Kristian Ole Jakobsen says.

## **About ESVAGT**

ESVAGT is a dedicated provider of safety and support at sea and services both the offshore wind industry as well as the oil & gas industry.

We service offshore wind farms and have a fleet of dedicated Service Operation Vessels (SOV), which ESVAGT pioneered in 2010. The SOVs provide

accommodation for technicians, welfare facilities, offices and conference rooms, storage for turbine parts, workshops, etc. The SOV offers flexible personnel and equipment transfer capabilities by either Walk-to-Work gangway system or Safe Transfer Boats.

We support the offshore Oil & Gas industries with a wide range of specialized services: Standby, Emergency Response and Rescue Vessels (ERRV), Oil spill response, Firefighting, Tanker assists, Rig moves, Supply services and Interfield transfer of cargo and personnel.

ESVAGT was founded in 1981 and has a fleet of more than 40 vessels and approximately 1300 employees offshore and onshore.
