

Havneliv

Esbjerg

Mar 17, 2014 22:22 CET

ESVAGT taking part in "Havneliv" (Harbour Life)

The TV2 series on harbours in the TV station's broadcast area focused on Esbjerg and ESVAGT.

In a series of programmes TV South has highlighted some of the many various jobs that are done in the harbours in the TV South broadcasting area. When in December they were going to focus on the Esbjerg harbour, TV South preferred to do this via ESVAGT.

The journalists were among others on board the crew change vessel "Esvagt Beta", they surveyed training drills and interviewed Ole Ditlev Nielsen, Chief

Commercial & Safety Officer, who told them about the history of the shipping company and the future plans and demonstrated the ESVAGT rescue vessels.

At the end of the episode the interviewer asked Ole Ditlev Nielsen if he ever gets tired of talking safety.

“No, for this is what we live from“.

”Not in the detail either?” the interviewer wanted to know.

”No for it’s the detail that makes the difference”, Ole Ditlev Nielsen answered.

ESVAGT is a dedicated provider of safety and support at sea, founded on an experienced and well-trained offshore crew and unmatched rescue capabilities.

We support the offshore Oil & Gas industries with a wide range of specialized services: Standby, Emergency Response and Rescue Vessels (ERRV), Oil spill response, Firefighting, Tanker assists, Rig moves, Supply services and Interfield transfer of cargo and personnel.

In 2010, ESVAGT brought the dedicated offshore wind Service Operation Vessels (SOV) to the market. The SOVs provide accommodation for up to 40 technicians, storage for small turbine parts and a workshop, plus personnel and equipment transfer capabilities by either Walk-to-Work gangway system or Safe Transfer Boats.

ESVAGT was founded in 1981 and has a fleet of more than 40 vessels and more than 900 employees on- and offshore.
