

Ian Taylor has known ESVAGT for the past decade and has experienced ESVAGT from a customer's perspective

Sep 21, 2018 08:00 CEST

ESVAGT UK appoints Ian Taylor as UK Regional Director

Ian Taylor (46) brings many years of shipping experience and a considerable amount of ESVAGT knowledge to ESVAGT's UK office at Dock Gate House in the heart of Aberdeen's harbour area.

As a Chartered Shipbroker, Ian Taylor has been handling contracts with ESVAGT for North Sea Charterers for the past decade, experiencing ESVAGT's competencies from a client's point of view:

“As a supplier, ESVAGT has always stood out: A very professional attitude, in-demand specifications for the vessels and rescue boats, and outstanding and highly skilled crews”.

“Add to that a very innovative approach and a great understanding of the customer’s needs, ESVAGT would often be my client’s first choice”, he adds.

Having ‘sold’ ESVAGT to clients for years, getting onboard full time was an easy step:

“It is a company I have known well for several years. ESVAGT has a significant presence in the UK market and is known as a high-quality partner and supplier. It is a quality brand”, Ian Taylor says.

Søren Karas, CCO at ESVAGT, welcomes the appointment:

“We are delighted to have Ian onboard. With Ian, we will have an industry veteran at the helm of ESVAGT UK, as we continue our efforts to deepen our customer engagement and understanding to make sure we offer the best possible solutions and grow the ESVAGT presence in the UK”, expresses Søren Karas.

About ESVAGT

ESVAGT is a dedicated provider of safety and support at sea and a market leader within offshore wind solutions.

We support the offshore Oil & Gas industries with a wide range of specialized services: Standby, Emergency Response and Rescue Vessels (ERRV), Oil spill response, Firefighting, Tanker assists, Rig moves, Supply services and Interfield transfer of cargo and personnel.

We service offshore wind farms and have a fleet of dedicated Service Operation Vessels (SOV), which ESVAGT pioneered in 2010. The SOVs provide accommodation for technicians, spare time facilities, offices and conference room, storage for small turbine parts, workshops, etc. The SOV offers flexible personnel and equipment transfer capabilities by either Walk-to-Work gangway system or Safe Transfer Boats.

ESVAGT was founded in 1981 and has a fleet of more than 40 vessels and approximately 900 employees on- and offshore.
