## Website and presentation video updated

**The electronic face of the shipping company has been updated and upgraded.**

The ESVAGT website has been in dock for a major updating. Now it is in line with the remaining graphic profile of the shipping company as far as layout and expression are concerned, and at the same time it has been upgraded with new functionalities and new features.

- You can for example check the entire fleet very precisely and see on a live map where the vessels are positioned, says Anette Sørensen, management assistant in ESVAGT.

The number of staff has been expanded and so has the recruiting unit. At the same time there is a link to the new company presentation video that informs about the corporate work and culture. Large parts of the film were recorded on 'Esvagt Celeste'.

- We have chosen to focus the film on our staff at sea as it is seamanship that is our strength and biggest competence, says Anette Sørensen.

---

ESVAGT is a dedicated provider of safety and support at sea, founded on an experienced and well-trained offshore crew and unmatched rescue capabilities.

We support the offshore Oil & Gas industries with a wide range of specialized services: Standby, Emergency Response and Rescue Vessels (ERRV), Oil spill response, Firefighting, Tanker assists, Rig moves, Supply services and Interfield transfer of cargo and personnel.

In 2010, ESVAGT brought the dedicated offshore wind Service Operation Vessels (SOV) to the market. The SOVs provide accommodation for up to 40 technicians, storage for small turbine parts and a workshop, plus personnel and equipment transfer capabilities by either Walk-to-Work gangway system or Safe Transfer Boats.

ESVAGT was founded in 1981 and has a fleet of more than 40 vessels and more than 900 employees on- and offshore.
